Last call for submission of a team’s entry must be received by the Sponsor by the end of the Hackathon Period, or the Participant’s entire team entry may be disqualified.

All dates and times are subject to change in Sponsor’s sole discretion. Dates and times are approximations; times may be shortened or extended as necessary due to exigencies of the circumstances or as deemed necessary by Sponsor but shall apply uniformly to all Participants. All times relating to the Hackathon are in ET. The Sponsor’s clock at the Event shall be the official time keeping device for the Hackathon, unless otherwise stated.

Registration will become available on September 8, 2026 and will continue until approximately September 27, 2026.

THIS HACKATHON IS VOID TO RESIDENTS OF U.S. EMBARGOED COUNTRIES AND IS VOID WHEREVER RESTRICTED BY, WITHOUT LIMITATION, FILING OR REGISTRATION REQUIREMENTS, OR IS OTHERWISE PROHIBITED OR RESTRICTED BY LAW.

In addition, employees, employers, officers and directors of: (i) IBM Group, including Red Hat (ii) government agencies, departments, branches, instrumentalities and public enterprises, whether regional, national or local (iii) any advertising and promotion agencies, and those individuals and entities involved in the preparation of materials for, administration, organization and/or execution of this Event and/or this Hackathon (all collectively the “Promotion Entities”), and (iv) the immediate family members (defined as parents, children, siblings and spouse, including step and foster relations) regardless of where they reside, and/or individuals living in the same household (whether or not related) of any of the Promotion Entities are not eligible to participate in the Hackathon. Prior to registering for the Event, each participant, whether individually or as part of a team, must ensure that he/she is in compliance with any employment or other contract to which he/she is a party on issues such as, but not limited to, eligibility to participate, intellectual property and acceptance of prizes.

Notwithstanding anything to the contrary in clause (ii) of this paragraph, university or college students employed by their educational institution for part-time work, through work-study programs or otherwise, are eligible to participate in the Hackathon.

IBM Group includes IBM Corporation and any legal entity and the subsidiaries it owns by more than 50 percent. It also includes Red Hat Inc. and all its subsidiaries.

You must meet the eligibility criteria contained in these Official Rules. If you are ineligible or otherwise fail to comply with these Official Rules, you may be disqualified in Sponsor’s sole discretion. You are solely responsible for your own compliance with eligibility criteria.

Additional Important Notice

Participants have the responsibility to review and understand their employer’s policies, laws, rules and/or regulations, tax implications, and any other limitations (collectively “policies and laws”) regarding eligibility to participate in promotions and/or receive prizes in connection therewith. Furthermore, if a Participant enters without obtaining the appropriate approvals, or if an individual is participating in violation of any such policies and laws, Sponsor may, in its sole discretion, disqualify the participant and forfeit their prize, if applicable. Promotion Entities disclaim all responsibility and liability relating to the above; by entering the Hackathon, Participant agrees to release, indemnify, defend, and hold them harmless in all respects thereto.

Requirements Prior to Participation

Prior to being allowed to participate in the Hackathon, eligible invitees will be required, among other things, to register for the Hackathon and agree to be bound to these Official Rules, utilize an IBM Cloud Account with access to watsonx services provided by IBM for the sole purposes of participation in the Hackathon, execute and comply with any other specific instructions, directions, and documentation that may be required by Sponsor (“IBM Instructions”). If Participant does not agree to all the terms and conditions of participation stated in the IBM Instructions, Participant must withdraw from the Hackathon by promptly contacting IBM. The Hackathon, participation therein, and all Participants, entries, and Submissions, are — in addition to the aforementioned IBM Instructions — also subject to and governed by the IBM

Privacy Policy (defined below in the Privacy and Publicity Section) and agreement to these Official Rules (references herein to the Official Rules include the IBM Privacy Policy).

Team Membership

Participants may participate in the Hackathon individually or in teams up to five (5) people. Participant affirmatively agrees to work on Participant's team's entry only and in a spirit of mutual collaboration and respect for all team members and their contributions. Sponsor may require each team to assign one team member ("Team Lead") to be the primary point of contact for the team during the Hackathon. The same submission cannot be entered into this Hackathon more than one time, or by more than one Participant, and in such event, one or all Participants and entries may be disqualified.

All members of your team must meet the eligibility criteria contained in these Official Rules. If any member of your team is ineligible or otherwise fails to comply with these Official Rules, the team as a whole may be disqualified at the Sponsor's sole discretion. Sponsor reserves the right to disqualify an individual team member, including Participant, without affect to the applicable entry or applicable team members, due to such individual's failure or behavior.

Entry Requirements

Limit one (1) entry per Participant/team. Participants enter the Hackathon by working with their team to submit materials (a "Submission") by the conclusion of the Hackathon Period. Each Submission must include the following deliverables:

1. Video demonstration of the team's solution
2. Written problem and solution statements
3. Written statement including how IBM watsonx technology is utilized
4. Working code repository or evidence of technology proof-of-concept solution, if any (optional)

Submissions must be in English. Each Participant may participate on only one team and each team may submit only one Submission. Participants must make the entry available free of charge and without any restriction, for testing, evaluation, and use by IBM, judges, and Participants as applicable. All Submissions are required to make use of IBM watsonx technology (watsonx.ai, watsonx.data, or IBM Granite models) to be eligible for Prizes. Submissions may also optionally use additional IBM Cloud services or other IBM technologies. Winning teams may be subject to a code review at some point following the Hackathon or immediately before the winners are announced.

Unsuccessful, exploitative, fraudulent, misleading, harmful, non-functioning, invalid, noncompliant, incomplete entries in whole or in part or those not deemed to be submitted in good faith may be disqualified. Proof that an entry is presented at the Hackathon is not proof or evidence that the entry and/or Participant is eligible for the Hackathon. Participants must complete the entire Hackathon in order to be eligible to win a prize in the Hackathon. Attendees

who quit, are disqualified, ejected, or otherwise fail to complete the Hackathon will not be eligible to win a prize in the Hackathon.

Further, by entering this Hackathon, each Participant hereby represents, warrants and covenants (as applicable), and agrees to produce written evidence of such if requested, that:

- (i) The Submission, in whole and in part, is original work of Participant, is original to the Hackathon (i.e. was not developed in any substantive form/format prior to the Hackathon), does not violate or infringe upon any laws, rules, regulations, proprietary or intellectual property rights (including copyrights, trademarks, patents, trade secrets, industrial property rights, personal or moral rights), or any other laws, regulations, or rights whatsoever of any country, person and/or entity;
- (ii) The Submission, in whole and in part, is submitted to the Hackathon by or with the permission of all persons (living or deceased), venues and/or entities who worked on, were engaged to work on, or contributed in any respect to the entry or any part thereof, who are depicted (directly or indirectly) in the entry by name, likeness, voice, image or any other information or indicia of persona, or who otherwise have any right, title and interest in and to the entry or any part thereof (including but not limited to rights arising from a work for hire relationship), and all such persons, venues, and/or entities have provided their written consent to submission of the entry and its use pursuant to these Official Rules;
- (iii) Participant has all other rights, licenses, permissions and consents necessary to submit the entry and to grant all of the rights granted to the Promotion Entities in these Official Rules, and the exercise thereof by the Promotion Entities and/or the use by them of the rights granted by Participant, in whole or in part, does not and will not give rise to any alleged or actual claims, disputes, actions or liabilities, including but not limited to those for disputes or payment of any kind, including without limitation royalties, residuals, attribution, credit, dues, approval or consultation rights, or any rights of participation, attribution, or any other fees, costs, or expenses, arising out of the submission, use, exhibition and/or any other use or exploitation of the entry, in whole and in part, the use thereof by Sponsor, and the exercise by Promotion Entities of any of the rights granted in these Official Rules;
- (iv) The Submission must not breach the terms and conditions of any embedded software or services used by your Submission, including Sponsor's APIs, which you accept separately from these Official Rules when you choose to use those APIs;
- (v) The Submission in whole or in part contains no malware, including viruses, trojans, worms, bugs, spyware or any other harmful software, code or other devices;
- (vi) The Submission in whole or in part contains no pornographic, sexually explicit (including nudity), defamatory, offensive, violent, harmful, discriminatory, cruel, abusive, highly political, religious or sensitive content, or illegal content (including but not limited to technology or other content that is prohibited from export), content of an obscene or menacing character, and does not otherwise appear to condone such issues, or offend against reasonable standards of taste and decency; and

(vii) The Submission must not contain, depict, or refer to any content which disparages or refers negatively to a Sponsor, the Event, or any other person or entity (all as determined by the Sponsors in their sole discretion).

In order to be eligible for this Hackathon, the Submission, in whole and in part (and its entrant(s)) must comply with all other terms stated in these Official Rules.

General Entry Conditions

Once committed, an entry may not be cancelled or deleted, enhanced, added to, or improved, and will not be returned, if applicable. The Submission as a whole will be considered and judged during the Judging Period, which may be extended due to exigencies of the circumstances. The Submission may be displayed, viewed, and used by the Promotion Entities in whole or in part, as provided herein, by the judges, and by all others interested in, involved with, or administering the Hackathon, and by all other Participants in the Hackathon. Participants assume all risk of ineligible, damaged, lost, late, incomplete, invalid, incorrect, incompatible, non-functioning, or misdirected entries, in whole or in part, and such will not be eligible for a prize.

SPONSOR MAKES NO WARRANTY, REPRESENTATION OR GUARANTEE, EXPRESS OR IMPLIED, IN CONNECTION WITH ITS ABILITY TO IN ANY WAY ENABLE, DEVELOP, MARKET OR PROMOTE THE PARTICIPANT, THE ENTRY, NOR THE IDEAS OR TECHNOLOGY EMBODIED OR SET FORTH IN THE ENTRY, IN WHOLE OR IN PART.

Without limitation, Sponsor reserves the right to immediately disqualify and/or remove at any time (before, during or after the Hackathon) any Submission and/or Participant for any reason in its absolute discretion.

Without limiting the foregoing, if at any time a participant and/or winner is found to have breached, violated or failed to comply with these Official Rules (or any IBM Documentation or other agreement), in whole or in part, at any time, or is or found at any time to have been ineligible, they will be immediately disqualified and agree to immediate return in full any and all prizes to Sponsor (if applicable).

Participant understands, recognizes, and accepts that, without fault of the Promotion Entities, other Participants or persons may have provided one or more of the Promotion Entities, or others, or made public, or may in the future submit, or make public, materials that are the same or similar to Participant's entry. Further, Participants have independent access to, may create or have created apps, technologies, methods, materials, and ideas which may be similar or identical in whole or in part to another entry in concept, code, theme, idea, format, or other respects. In the event that an entry is identical or similar to the entry of another Participant, the Promotion Entities reserve the right to score one entry higher than the other, subject to the judging criteria set forth herein, in the discretion of Sponsor and Judges. Entries may not be acknowledged and will not be received or held "in confidence" or "in trust" and by submitting an

entry it does not create a confidential relationship or obligation of secrecy between Participant and any of the Promotion Entities.

Participants will not now or in the future be entitled to any approval, rights of compensation, or any other payment; unless adjudged and verified a winner pursuant to these Official Rules, and in such event, only to the extent of the prize award. Further, Participants and winners agree that by submitting an entry and/or receiving a prize in the Hackathon does NOT give rise to or in any way create, either express or implied, any employer/employee, joint or co-venture, principle/agent, or any other employment, fiduciary, or other relationship, between them and any one or more of the Promotion Entities, or any other person or entity. The Promotion Entities disclaim all responsibility and liability relating to all of the above; by entering the Hackathon, Participant agrees to release, indemnify, defend, and hold them harmless in all respects thereto.

You acknowledge and understand that the Sponsor may use your Submission for promotional opportunities, including in public announcements, media events, or marketing, as it relates to your participation in the Hackathon, without further notification, permission, or compensation.

Winner Selection

After the conclusion of the Hackathon Period, a panel of judges will evaluate each Submission using a combination of judging criteria as described in this section. Judges are subject to change in the Sponsors' sole discretion. A judge may elect to recuse him or herself from evaluating a Submission, or a Sponsor may require a judge to recuse him or herself from evaluating a Submission, if, in the judge's or a Sponsor's discretion, it would not be appropriate for the judge to evaluate a Participant's Submission because of a past or current relationship with the Participant. Recusal decisions are final and not subject to appeal.

Each Submission will be scored based on the following criteria with a minimum score of 0 and maximum score of 25 points, with the final score being the average of the judges' scores and an assessment of the team's submitted deliverables. Criteria:

- Completeness and feasibility (5 points)
- Effectiveness and efficiency (5 points)
- Design and usability (5 points)
- Creativity and innovation (5 points)
- Michigan impact — keeping value, jobs, and opportunity in Michigan (5 points)

Assuming sufficient eligible entries are received, it is anticipated that potential winners will be selected based on the highest scores from the judging of Submissions. Scores will be determined by reviewing all deliverables in each team's Submission.

Sponsor may, but without obligation, select more than the stated number of winners if found to be of exceptional quality in Sponsor's sole and absolute discretion. Sponsor reserves the right to select fewer than the stated number of prize winners due to insufficient eligible and qualified entries or Participants.

Notwithstanding the foregoing, the Sponsors may reject any Submission that does not satisfy the objective of the Event in the Sponsors' discretion. Any such decision is final and not subject to appeal. By way of example only, Sponsor reserves the absolute right in its sole discretion to disqualify as ineligible entries that do not provide (in Sponsor's sole determination) a credible or feasible use of watsonx technology, appear not to have been submitted honestly, in good faith, or are otherwise lacking or non-compliant. All prize awards are subject to Sponsor's verification of entrant/entry's eligibility and compliance.

In the Hackathon if any Participant is a potential winner but is disqualified, forfeits the opportunity to continue/receive a prize in the Hackathon, or is otherwise unable or unwilling to participate or accept a prize (as applicable), the entire team may be disqualified and an alternate entry and potential winner may be selected (in Sponsors' sole discretion) and only if fair, and sufficient time exists.

Prizes

Subject to receiving sufficient eligible entries, prize(s) available to be awarded are as follows:

- [PRIZES DESCRIPTION TO BE FINALIZED]

Potential winners will be announced shortly after the Judging Period via e-mail.

Prize Conditions

The Sponsors may take any actions necessary to verify a team's compliance with these Official Rules before awarding a Prize, including, without limitation, engaging a third-party vendor to evaluate the proof-of-concept software code and/or requiring a team to provide evidence of permission to use certain third-party materials. You understand and acknowledge that even though your team may be announced as a winner, if you as an individual, or your team's compliance with these Official Rules cannot be verified to the satisfaction of the Sponsors, the Sponsors will select an alternate winner.

If you or your team is chosen as a winner, you may be asked to sign additional agreements related to prizes, travel, taxes, or similar, as determined by the Sponsors.

All prize awards are contingent upon verification of potential winners and entry, confirmation of their eligibility to receive a prize, and compliance with these Official Rules. Winning teams are responsible for allocating prizes and gifts among team members. All taxes and other expenses, costs or fees associated with the acceptance and/or use of any prize are the sole responsibility of winners. Prizes cannot be transferred or substituted by winner.

All Prize details will be determined by the Sponsors in their sole discretion. The Sponsors reserve the right to substitute a similar prize (or prize element) of comparable or greater value. All taxes and other expenses, costs, or fees associated with the acceptance and/or use of any Prize are the sole responsibility of winners. Prizes cannot be transferred or substituted by winner. If a Prize is unclaimed within a reasonable time after notification from the Sponsors, as determined by the Sponsors in their sole discretion, it will be forfeited, and time permitting, an

alternate winner may be selected from the remaining eligible Entries at the Sponsors' sole discretion. The Sponsors also reserve the right to create additional prizes for the Contest.

Taxes

All winners are solely responsible for payment of local, state, country, or any other taxes if applicable, compliance with (governmental/SARs) reporting, filing and documentation requirements, and for any other costs, expenses, including travel and fees connected with their acceptance and use of the prize in their respective jurisdictions. Prizes will be awarded to and in the name of the individual Participant or to a designated team member.

Compliance and Disqualification

In the event of disqualification for noncompliance, ineligibility, if a potential winner refuses or fails to complete and return the IBM Documentation as directed on or within the time stated, or for any other reason arising after the Hackathon and attendees have departed, that prize will be forfeited in its entirety and Sponsor will not award that respective prize. Returned, undelivered, unclaimed, forfeited, or un-awarded prizes will not be (re)awarded. Sponsor shall have the right, where necessary, to undertake all action and/or require further information as is reasonable to protect itself, or any of the Promotion Entities against fraudulent or invalid claims, potential public scandal, ridicule, or disrepute in awarding the prize to any Participant.

THESE OFFICIAL RULES (ENGLISH VERSION) SHALL GOVERN THE HACKATHON AND ALL ELEMENTS THEREOF AND OUR RESPECTIVE OBLIGATIONS WITH RESPECT THERETO. USE OF THE SPONSOR'S WEBSITE, INFORMATION PRACTICES, AND ALL OTHER GENERAL TERMS ARE GOVERNED BY SPONSOR'S TERMS OF USE FOR THE WEBSITE AND/OR PRIVACY POLICY AS APPLICABLE. IN THE EVENT OF A DISCREPANCY BETWEEN ANY INFORMATION AND/OR COMMUNICATION, THESE OFFICIAL RULES SHALL GOVERN TO ADDRESS ISSUES RELATING TO THE HACKATHON.

Intellectual Property

Participants own the rights to the Submission they create for the Hackathon, subject to any rights owned by the organizing entity or other third parties and license terms of the underlying Technology used in the Submission. Participants may use data and/or APIs or other copyrightable material owned by third parties. Participants may use open source software provided such usage complies to the respective open source software license terms.

You grant to IBM a perpetual, irrevocable, nonexclusive, worldwide, royalty free, and non-exclusive license to use, publicly perform, display, reproduce, prepare derivative works from, distribute, or publish the Pitch Document in whole or in part solely for the purpose of promoting and publicizing the Hackathon and your participation in the Hackathon, and the right to sublicense others to do any or all of the foregoing. You and your team will be disqualified if Sponsor has any reason to believe that your team has violated the terms of this paragraph. You and your teammates should consult with appropriate advisors or legal counsel if you or your

teammates have any doubt as to whether you and all Participants are meeting the requirements of this paragraph.

reserves the right at its sole discretion to cancel, terminate, modify or suspend the Hackathon or any part thereof.

Sponsor reserves the right to select only potential winners from eligible, non-suspect entries received (prior to the force majeure event or otherwise), but only if doing so is deemed commercially practicable/feasible, and equitable in Sponsor's sole determination under the circumstances. Any attempt by a Participant to deliberately damage any website or undermine the legitimate operation of the Hackathon, or any part thereof, is a violation of laws and should such an attempt be made, Sponsor reserves the right to disqualify Participant and seek damages from any such Participant to the fullest extent of the law.
